(By order.)

A. A. DUFF, Major,
Military Secretary.

GOVERNMENT HOUSE, OOTACAMUND,
14th October 1911.

NOTIFICATION

No. 7.—Notice is hereby given that His Excellency the Governor will hold a Levée at the Banqueting Hall, Madras, at 9-30 P.M. on Thursday the 9th November 1911.

All Civil, Naval, Military and Volunteer Officers, Members of the Consular Body, Gentlemen whose names are borne on the Government House list or who have already been presented at the Court of St. James and Indian Officers of the Indian Regiments of the Garrison are invited to attend the Levée.

The following regulations are to be observed —

I. Admission to the Banqueting Hall on the occasion of the Levée will be by ticket only, which will be issued by the Military Secretary on receipt of applications from officers and other gentlemen who are already on the Government House list or who have already been presented at the Court of St. James and are desirous of attending the Levée.

II. Applications for tickets of admission, with addresses, should be submitted to the Military Secretary not later than Thursday the 2nd November, *after which date no application will be received.*

III. On receipt of applications, tickets of admission to the Banqueting Hall will be issued. These tickets, which should be shown to the Aide-de-Camp on duty on arrival at the entrance of the Hall, will be made use of by the Military Secretary when reading the names to His Excellency the Governor and must consequently be carefully preserved. *No other name cards will be required.*

IV. Dress: Civilians—Levée Dress; Military Officers—Review Order, dismounted. Helmets will not be taken to the Levée.

V. Clergymen, being University Graduates, and other gentlemen entitled to wear robes or gowns on account of Judicial or Academical office or status, and not entitled to wear uniform, will appear in such robes or gowns.

VI. Gentlemen not entitled to wear uniform, or robes or gowns, will appear in Court Dress or in Evening Dress.

VII. Indian gentlemen who do not appear in the dress prescribed above will observe the following rules:—

The head dress should consist of a turban, or the customary family head dress.

The external dress should be a long robe, a waistband or girdle should be worn and the lower limbs should be carefully covered. Loose shawls are inadmissible.

Indian gentlemen who do not appear in the dress prescribed in rules IV, V and VI should not remove their head dress when they pass His Excellency.

The feet need not be covered, but if boots or shoes be worn they must be of patent leather of an English pattern, except in the case of Indian Military officers, who wear the particular style of boot or shoe which forms part of their uniform.

VIII. Gentlemen who had intended to be present, but found themselves unable to do so, should submit an explanatory letter to the Military Secretary to the Governor before, or as soon as possible after, the Levée.

IX. The carriages of gentlemen having the Private Entrée will enter by the Chepauk gate and set down at the south entrance of the Banqueting Hall. All other carriages will enter by the Mount Road gate as directed by the Police on duty.

(By order.)

A. A. DUFF, Major,
Military Secretary.

REVENUE DEPARTMENT.

Octacamund, October 13, 1911.

The following is published for general information :—

INDIAN FOREST SERVICE.

REGULATIONS AS TO THE APPOINTMENT OF PROBATIONERS, 1912.

1. *Appointments.*—The Secretary of State for India in Council will, in the summer of 1912, make not *less than five appointments* of Probationers for the Indian Forest Service, provided that so many candidates are considered to be in all respects qualified.

In making these appointments, he will act with the advice of a Selection Committee.

2. *Applications for Appointment.*—Applications for appointment must be made on a printed form to be obtained from the Secretary, Judicial and Public Department, India Office, Whitehall, London, S.W., and to be returned to him not later than *Monday the 1st July* 1912. Candidates must be prepared, if called upon, to attend at the India Office, at their own expense, for a personal interview with the Selection Committee within three weeks from that date.

3. *Age Limit.*—Candidates must be not less than 19 but under 23 years of age on the 1st July 1912.

Notice is hereby given that the age limits for the recruitment of 1913 *and following years will be* 19 *and* 23 *years on the* 1*st* January *of the year in which the selection is made.*

4. *Nationality, etc.*—Every candidate must be a natural born British subject. He must be unmarried, and if he marries before he reaches India he will forfeit his appointment. He must be of good physique, and must produce evidence of character to satisfy the Secretary of State for India in Council that he is suited for the Indian Forest Service.

5. *Qualifications.*—Candidates must be able to show that in addition to having received a good general education they have passed with honours in a public examination for a degree in some branch of Natural Science held by a University in Great Britain or Ireland. A good general education should be understood to include, at the least, a fair knowledge of English Composition, Mathematics up to and including Plane Trigonometry, and either German or French. The production of school certificates granted by the examining authorities of Universities, or of certificates that a candidate has passed the Matriculation Examination of a University, in the subjects named, or of other certificates held by the Secretary of State in Council to be equivalent, will be taken to show that a candidate satisfies the requirements of this clause.

6. Should there be more candidates considered to be qualified in every respect than vacancies to be filled, the Secretary of State reserves the right to require them to pass a competitive examination conducted by the Civil Service Commissioners, on the results of which their final selection would depend. Particulars of this examination, which would be held in August, will be found in Appendix I.

7. *Medical Examination.*—Selected candidates will be required to undergo a strict examination by a Medical Board at the India Office, at which particular stress will be laid on good vision and hearing, and to satisfy the Secretary of State for India that they are physically fit for service in the Indian Forest Department (*see* Appendix V).

Candidates who do not satisfy the Secretary of State for India that they are physically fit for appointment to the Indian Forest Service will not be admitted to the competitive examination mentioned in Regulation 6.

8. *Period of Probation.*—The ordinary period of probation will be two years. During that time probationers will be required to pass through the forestry course at one of the Universities named in the margin, becoming members of that University if not so already; to obtain the Degree or Diploma in Forestry which it grants; to acquire some knowledge of Hindustani; and to satisfy such other tests of proficiency as may be deemed necessary. The case of students who have already obtained such degree or diploma at any of the abovenamed Universities will be specially considered in each case.

Oxford, Cambridge, Edinburgh

During the vacations the probationers will, under the direction and supervision of the Director of Indian Forest Studies appointed by the Secretary of State for India in Council receive practical instruction in such British and Continental forests as may be selected for the purpose.

9. *Charges.*—The probationers will be required to defray all expenses of lodging, board, tuition, and excursions, while at the University, and on practical instruction in Britain and on the Continent, with the exception of fees payable to local forest officers in Britain and on the Continent.

10. *Allowances.*—The Secretary of State for India in Council will make payments to each probationer at the rate of 120*l.* annually, not exceeding a total of 240*l.* (besides the fees to local officers mentioned above). These payments will ordinarily be made on the following dates in each year:—

	£
On the 1st December	30
On the 1st March	30
On the 1st June	60

The cases of probationers whose probation does not extend over the full two years will be specially considered.

The grant of the allowances is subject to the following conditions:—

(*a*) that the progress of the probationer in his studies is satisfactory;

(*b*) that the probationer gives security to refund the payments in case he fails to join the Indian Forest Service at the end of the period of probation.

11. *Conduct.*—Every Probationer will be required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State, and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he will be liable to have his name removed from the list of Probationers.

12. *Appointment and Seniority.*—Probationers who obtain a Degree or Diploma in Forestry, and are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service, will be appointed Assistant Conservators in the Indian Forest Department. Their position in the Provincial Forest Lists will be determined by the Secretary of State for India in Council on the Report of the Director of Indian Forest Studies; but in making selections for the post of Conservator, officers joining the service in the same year are reckoned as equal in seniority unless the Secretary of State for India in Council shall for special reasons have directed otherwise in any particular case or cases.

They will be allowed at the end of the period of probation to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India. Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

13. *Riding.*—Every Probationer, before proceeding to India, will be required to satisfy the Secretary of State, in such manner as may be determined, of his ability to ride.

14. *Articles of Agreement.*—Within a month of his nomination as Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and must engage his own passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

15. *Salary.*—An Assistant Conservator of Forests will draw pay at the rate of Rs. 350 a month (equivalent to 304*l.* a year, when the rupee is at 1*s.* 4*d.*) from the date of his reporting his arrival in India.

16. *Promotion, Leave, Pension, and Provident Fund.*—Promotion, leave, and pension will be governed by the Regulations laid down by the Government of India, and applicable to Forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. A copy of the existing regulations can be seen on application at the India Office.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service, the pay of which has been recently improved, will be found in Appendix II; a summary of information regarding leave is contained in Appendix III; and regarding Pensions and the Provident Fund in Appendix IV.

India Office,
29*th August* 1911.

APPENDICES.

APPENDIX I.

COMPETITIVE EXAMINATION.

In the event of the Civil Service Commissioners being requested by the Secretary of State for India in Council to hold an examination in any year of candidates nominated by him to compete for appointment as Probationers for the above service, the following will be the subjects in which such candidates will be examined :—

1. English Composition.	5. Geology.
2. German *or* French.	6. Botany.
3. Chemistry.	7. Zoology.
4. Physics.	

Not more than two of the subjects numbered 4 to 7 may be offered.

Candidates must pass to the satisfaction of the Civil Service Commissioners in the first three subjects.

In the subjects numbered 2 to 7, only marks showing real attainment will be counted towards the order of merit, so that a candidate who has a thorough knowledge of one of the optional subjects may obtain on that subject alone as many marks as a candidate who offers two of the optional subjects on a lower standard.

SYLLABUS.

Languages.—The examination in German and French will include translation, composition, and conversation.

Sciences.—The standard of the examination in Chemistry, Physics, Geology, Botany, and Zoology will be that of the Honours Schools of the Universities.

APPENDIX III.

(See paragraph 16 of the Regulations.)

LEAVE.

1. The following is a summary of the principal regulations relating to the leave admissible to officers appointed to the Indian Forest Service by the Secretary of State from the United Kingdom.

Long Leave.

2. Furlough and special leave with allowances (*see* paragraph 3) are admissible to an aggregate maximum amount of six years during an officer's service. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

3. Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

4. Furlough on medical certificate may be granted (*a*) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years; and (*b*) to an officer who has not rendered three years' continuous service, up to one year in any case, and up to such longer period, if any (but not exceeding two years in all), as the officer may have furlough "due" to him.

5. The allowances admissible during furlough are :—

(1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due"—half average salary, subject to certain maximum and minimum limits.

(2) After the expiration of the period for which the foregoing allowances are admissible—one-quarter of average salary, subject to certain maximum and minimum limits.

6. Special Leave may be granted at any time for not more than six months, with intervals of six years' service; allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

Short Leave.

7. Privilege Leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to three months, earned by thirty-three months' duty. During privilege leave, the officer retains a lien on his appointment, and receives the salary which he would have received if on duty. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege Leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave. Combined leave may not be granted for a period of less duration than six months, nor, except on medical certificate, may it be extended beyond two years.

8. Subsidiary Leave in India for a minimum of 10 days, usually with half average salary, is granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end and not at the beginning of combined leave.

9. Short Leave is also granted to enable officers to appear at examinations, etc.

10. Extraordinary Leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

General Rules

11. Leave of absence, whether on furlough or on privilege leave, can never be claimed as of right, and is given or refused at the discretion of Government.

12. After five years' continuous absence from duty, an officer is considered to be out of the employment of Government.

13. When leave allowances other than privilege leave pay are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorised. But for the present the rate of conversion is subject to a minimum of 1s 6d to the rupee. Privilege leave pay when issued from the Home Treasury (this is only admissible when privilege leave is combined with other leave) is converted at 1s 4d. to the rupee.

APPENDIX IV.

(See paragraph 16 of the Regulations.)

Pensions and Provident Fund.

The following is a summary of the principal pension rules applicable to officers of the Indian Forest Service appointed by the Secretary of State from the United Kingdom.

An officer of the Indian Forest Service is eligible for a pension on voluntary retirement after completing 20 years' qualifying service or attaining the age of 55 years. If at an earlier date he is compelled to retire from the service through ill-health, not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows:—

After a service of less than ten years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than ten years an invalid pension not exceeding the following amounts:—

Years of completed service.	Maximum limit of pension.	Years of completed service.	Maximum limit of pension.
	Rs.		Rs.
10	1,000 a year.	16	3,000 a year.
11	1,400 ,,	17	
12	1,800 ,,	18	
13	2,200 ,,	19	
14	2,600 ,,		

After a service of not less than 20 years, a retiring pension not exceeding the following amounts:—

Years of completed service.	Scale of pension. Sixtieths of average emoluments.	Maximum limit of pension.
20 to 24	30	Rs. 4,000 a year.
25 and above		,, 5,000 ,,

Officers who have shown special energy and efficiency during an effective service of three years as Inspector-General of Forests or Conservator may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 28 years.

Subject to certain prescribed conditions, rupee pensions are now issued to pensioners residing in countries where the Indian rupee is not legal tender at the rate of exchange of 1s. 3d. the rupee.

2. A General Provident Fund has also been established on the following basis:—

(a) The contribution is compulsory up to 6¼ per cent. on salaries, with voluntary contributions of not more than a further 6¼ per cent. Subscriptions on leave of any kind are optional; other forms of life insurance will, if they fulfil certain conditions, be accepted in lieu of such contribution.

(b) Compound interest on such payments is annually credited by Government to each officer subscribing, the rate being at present 4 per cent. per annum.

(c) The sum which will thus accumulate to the credit of an officer is to be his absolute property, to be handed over to him unconditionally on quitting the service; or, in the event of his death before retirement, to his legal representatives.

APPENDIX V.

General Physical Requirements.

Note.—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service, and that his discretion is in no respect limited by these Regulations.

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth:—

Age.	Height without shoes.	Chest.	
		Girth when expanded.	Range of expansion.
	Inches.	Inches.	Inches.
18 to 20	62½ and under 64	35	2
	64 " 66	35	2
	66 " 70	35½	2
	70 " 72	36	2
	72 and upwards	36½	2½
21 and upwards	62½ and under 64	35	2
	64 " 66	35½	2
	66 " 70	36	2
	70 " 72	36½	2½
	72 and upwards	37	2½

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. No fixed limit of height is imposed.

4. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, the posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order. *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth when necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. Candidates may, not more than two years before they are qualified to compete for an appointment, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions:—

(a) Applications must be addressed to the Under Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement of the candidate's age.

(b) Candidates must pay their travelling expenses.

(c) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge

that they will have to submit themselves for a final medical examination by the Medical Board, prior to their appointment.

(d) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

REGULATIONS AS TO THE STANDARD OF VISION FOR THE INDIAN FOREST SERVICE.

1. If myopia in one or both eyes exists, a candidate may be passed, provided the ametropia does not exceed 2·5 D, and if with correcting glasses, not exceeding 2·5 D, the acuteness of vision in one eye equals $\frac{6}{6}$ and in the other $\frac{6}{9}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate for service, provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed —2·5 D; the acuteness of vision in one eye, when corrected, being equal to $\frac{6}{6}$, and in the other eye $\frac{6}{9}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{6}$, and in the other eye equals $\frac{6}{9}$ with + 4 D or any lower power.

4. Hypermetropic astigmatism does not disqualify a candidate for the service provided the lens or combined lenses required to correct the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{6}{6}$ and of the other $\frac{6}{9}$ with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{9}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in the above rules, may exclude a candidate for admission into the service.

6. Squint, or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's papers.

Plague.

NOTIFICATIONS

Ootacamund, October 8, 1911.

No. 231-*P.*—The following circular relating to inoculation and the destruction of rat fleas is published :—

Inoculation

In spite of the wide distribution of pamphlets and papers containing statistics proving the efficacy and harmlessness of inoculation, and setting this forth in the plainest language in English and the various vernaculars, it is a melancholy fact that this life-saving operation remains the most unpopular and most dreaded of all plague measures. This being so, it is well to enquire as to the reason of this unpopularity so that means may be devised for its removal.

Even among the educated, there is a widespread notion that inoculation is equivalent to giving plague, though no doubt in a mild form; from them the idea has therefore spread to the ignorant masses that inoculation starts an epidemic of plague in a place. This has perhaps been originated by the translation of the verb "to inoculate" by the vernacular term "to inject plague" or "to inject plague juice". This matter has already been brought to the notice of Government and means taken for its amendment in future translations, but the mischief already done will be difficult to remove. Another objection often put forward is that inoculation causes infecundity in those operated on. How this notion arose was long a mystery to the writer, but it has been suggested to him by a friend that it is probably due to the use of the bacteriological term "sterile" applied to the condition of the vaccine as sent out from the laboratory. This term as thus used means that the prophylactic fluid contains no living organism or microbe; but when translated into the vernacular the word used is the same as that for infertility or impotence. It is not matter for surprise then that those ignorant of bacteriological terms should have got the idea that the use of such a sterile fluid would cause sterility among the people also.

Another and perhaps the most important fact is the state of almost universal ignorance that exists among those servants of Government who come most in contact with the people, and who could influence them as to the nature of the prophylactic and the manner in which it gives rise to immunity.

It would be very interesting to find out how much time officials of the standing of deputy collectors, mamlatdars and sarishtadars, etc., have given to reading the plague pamphlets that have been so freely distributed. One has only to ask them simple questions about the nature of plague, or inoculation, to ascertain that this kind of literature is not much to their taste. Many of them have never seen the operation performed, and so being questioned confess that they know of its effects from hearsay only, and have never investigated the truth or otherwise of the statistics available. As to the nature of plague and its spread they have probably some fanciful theory of their own, such as that the disease is due to the infected atmosphere.

Such being the case, the remedy would appear to lie in the assembling of all Government servants at convenient places, and their instruction by lectures and lantern demonstrations given by the medical authority in the district supported by the Collector. *This last is a most important matter*, for if the Revenue subordinates do not think the Collector is personally interested in the matter, nothing effective will be done. The writer is convinced that the success or failure of inoculation in a district depends on personal influence, and the officials of most influence are the Collector and the District Surgeon.

If all the officials in a district are thoroughly in earnest in pushing inoculation there will be no difficulty in educating the people to take to this measure. It will mean hard work for the officials, but the saving of life is surely ample reward. One cannot expect the unlearned to accept inoculation if those immediately above them do not practise what they preach. If the mamlatdar and his family are not inoculated, how can one expect the peasant, who looks to him for leading and guidance, to submit to the operation.

Destruction of rat fleas.

Last year it was shown that fleas in the baggage of travellers could be destroyed by sprinkling naphthaline amongst their clothing before it was packed. This is a simple and cheap method of getting rid of fleas, but it does cost a small amount for the purchase of naphthaline. Another method has therefore been worked out which costs nothing whatever, and may be used by the very poorest.

In the report of this laboratory for the year 1907, it was pointed out that rags to be used for paper-making could be freed from fleas by exposure to the sun for three hours. The fate of the infecting fleas was not at that time investigated, as this was not important in the case of rags intended for manufacturing purposes. It is otherwise, however, in the case of the disinfection of travellers' clothes in the neighbourhood of villages. Here it is not enough to know that the fleas have been driven out of the clothes, we must also be sure they are killed and cannot escape on to the rats of the locality.

After a large number of experiments, Captain J. Cunningham, I.M.S., came to the following conclusions :—

(i) The pulicidal power of the sun appears to be chiefly due to the amount of heat which it gives off.

(ii) The fate of the fleas, which escape from clothes exposed to the sun, depends on the nature of the ground upon which the clothes are spread. On hard ground and more especially on sand, the fleas are all destroyed, on grass they will in all probability be able to find shelter and therefore escape.

(iii) The time of exposure necessary to destroy all the fleas is about 45 minutes when the clothes are spread on hard ground, and is probably somewhat less when sand is employed.

The surface temperature of the sand must be at least 120° Fahrenheit (49° Centigrade) before the clothes are spread out upon it. This can be ascertained by using a thermometer of the ordinary type, or by a simple instrument made of glass tubing filled with aseline which can be obtained from the laboratory at a cost of two annas.

The following rules drawn up in simple language have been published by Government for general information, in the *Bombay Government Gazette* for 20th April 1911, page 509.—

(1) A smooth flat piece of ground with no cracks in it should be chosen. It must not be near trees or houses, for it is necessary that the sun should shine on it all day.

(2) The ground must be flat, with no stones or grass on it.

(3) If the place is not a sandy one it must be covered with a layer of sand 3 inches deep and made quite smooth on top

(4) The sand must be very hot before the clothes are put on it So it is necessary to wait till 10 o'clock before spreading any clothes

(5) No clothes should be spread on the sand after 4 o'clock in the afternoon, for then the sand will not be hot enough

(6) The clothes should be spread evenly on the sand in a single layer

(7) The clothes should be left in the sun for one hour

(8) Thick and padded clothes such as *razai* (bed quilts) and quilted coats must be turned over once or twice while exposed to the sun so that both sides may become well heated.

(9) Clothes must not be placed within 3 feet of the edge of the prepared ground, otherwise some fleas might escape the heat of the sun and so infect the village.

(10) Before the clothes are spread on the sand it is necessary to see that the surface is quite smooth and that cows or other animals are not allowed to walk over it and make footprints on it.

If it is found possible to induce villagers to adopt these measures, and enforce them against all travellers, a great step in plague prevention will have been taken

2. Attention is drawn to the following rules:—

(1) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and, in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep on his shoes unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(2) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answer papers.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room, and the circumstance reported to the Commissioner.

(5) Any candidate suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, *if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results*, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.

(6) *No candidate will, on any account, be allowed to take into the examination room slates, books, manuscripts or papers of any kind.* In the case of candidates, however, coming up for the Civil and Criminal Judicial and Revenue Tests, the use of books will be allowed in answering certain question papers. Any one detected in the violation of this rule, or having recourse to any unfair practices, will be removed from the room, and the occurrence reported to the Commissioner.

(7) Candidates whose names are not in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents, giving full particulars in regard to themselves and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

(8) Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

(9) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer papers. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will on no account leave his place.

(10) Any papers sent up without the candidate's name and number affixed will not be valued.

(11) Candidates will not be allowed to take any papers, except their question papers, out of the examination room.

(12) Candidates are forbidden to tear up papers or to throw ink or papers on the floor. All "spoilt copies, etc.," should be left on the desk where the candidate has been writing.

ADMISSION OF STUDENTS INTO THE GOVERNMENT TRAINING SCHOOLS IN THE THIRD CIRCLE—1912.

The Inspector of Schools, Third Circle, hereby notifies for the information of the Assistant Inspectors the Sub-Assistant Inspectors and the managers of schools that candidates of the Elementary grade will be admitted for training in February 1912 in the following Government Training Schools under his charge.

Number.	Name of Institution.	Number of stipends available.		
		Elementary, Higher.	Elementary, Lower.	Total.
1	Government Training School, Bellary ..	15	25	40
2	Do Anantapur ..	..	25	25
3	Do. Ravandrôg ..	..	25	25
4	Do. Kurnool ..	..	25	25

2. The period of training is one year in the case of the students of the Elementary Higher grade, and two years in the case of the students of the Elementary grade Lower.

3. The Inspector of Schools, Third Circle, will make the selection on the recommendation of the subordinate Inspecting Officers. They are requested to forward two lists—one of selected and the other of rejected candidates.

4. The names of selected candidates should appear in the list in the order in which the subordinate Inspecting Officers wish they should be taken, *i.e.*, they should be selected in reference to their general education attainments, their service as teachers, the need for their training and the nature of their appointment and the school from which they apply for training. Candidates who do not satisfy the age limit under rule 114 of the Madras Educational Rules should not, except in very special circumstances, be included in the list and the selection should be regulated, as far as possible, by rule 115. In the case of rejected candidates, the reasons for rejection should be mentioned against each.

5. To provide for the contingency of some of the candidates selected not joining the Training schools, a few more than the sanctioned number will be selected by the Inspector of Schools for each Range. All selected candidates who present themselves at the Training schools on the opening day will be admitted; those who present themselves later will be admitted in the order in which they present themselves but only up to the number of sanctioned vacancies.

6. The list should include no one who has not been a teacher before or concerning whom there is a doubt whether he really intends to make teaching his profession.

7. In the selection of candidates for training next year, those who were awarded stipends this year but were refused admission on account of their not appearing in time might have a first claim for admission.

8. In addition to provincial stipendiaries, candidates whose stipends were paid by Local or Municipal Boards will be admitted for training, as also private candidates as free students.

9. As regards qualification for admission only those candidates who have passed the annual examination of the third form or seventh standard and have been found fit for promotion to the fourth form or have been awarded an Elementary School Leaving certificate of the seventh standard are eligible for admission into the Elementary Higher class and only those who have passed the late Primary examination or a corresponding public or school examination or whose attainments in the opinion of the Inspecting officers are not lower than these are eligible for admission into the Elementary Lower class. Preference should be given, as much as possible, to candidates whose educational attainments are above these minimum requirements. The certificate of general education should be sent in original with the application. The certificate of physical fitness need be produced only by the candidates chosen as stipendiaries. Separate conduct certificates need not be submitted by candidates whose applications are signed by an Inspecting officer.

10. In cases in which the number of candidates applying for training is in excess of the number for which there is provision, the selection should be made on the result of an entrance examination conducted by the Sub-Assistant Inspector of Schools. The number of stipends available for each range will be the same as that fixed in 1908.

11. Printed forms of application can be obtained from the Assistant and Sub-Assistant Inspectors of Schools.

12. Applications completed in accordance with the above instructions should reach the undersigned before the 1st December 1911.

13. Admission into Training schools for masters under private management will be regulated by rules 2 and 3 in addition to those contained in Chapter X of the Madras Educational Rules.

11. In cases in which the number of candidates applying for training is in excess of the number for whom there is provision, the selection should be made on the result of an entrance examination conducted by the Sub-Assistant Inspector of Schools. The number of stipends available for each range is the same as that available last year.

12. Printed forms of applications can be obtained from the Inspector of Schools or from the subordinate Inspecting officers.

13. Applications completed in accordance with the above instructions should reach the Inspector of Schools, Fourth Circle, before the 20th November 1911.

14. Admission into Training Schools for Masters under private management will be regulated by rules 2, 10 and 11 in addition to those contained in Chapter X of the Madras Educational Rules.

OF

THE FORT ST. GEORGE GAZETTE.

No. 42.] MADRAS, TUESDAY EVENING, OCTOBER 17, 1911. [PRICE, 2 *pice*.

AUDIT REPORT OF No. 52, MADRAS AND SOUTHERN MAHRATTA RAILWAY EMPLOYES' URBAN BANK, LIMITED, FOR 1910–1911.

I beg to report on the audit of the accounts of No. 52, Madras and Southern Mahratta Railway Employes' Urban Bank, Limited in the Madras City, for the co-operative year, ending 30th June 1911. The Bank was registered on 31st January 1907, as an Urban Co-operative Credit Society, on the basis of limited liability. As the society was started on 19th December 1906, its working dates from that date. The year under report is thus the fifth year of its working.

2. *Members.*—The Bank ended the previous year with 473 members. During the year there were 626 fresh admissions and 30 withdrawals, which were due to members leaving the company's service. The number of members at the end of the year was thus 1,069. The list of members is nearly 2 times the number of the previous year and it is evidently due to the increasing usefulness and popularity of the Bank.

3. *Share capital.*—The paid up share capital of the Bank rose from Rs. 9,395 at the beginning of the year to Rs. 23,200 at its close. The subscriptions to the share capital received and paid off during the year were Rs. 19,295 and Rs. 488, respectively.

4. *Borrowings.*—The Bank had at the beginning of the year borrowed Rs. 7,100. During the year, a sum of Rs. 19,800 was received. As the sum of Rs. 2,075 was paid off, the amount outstanding at the end of the year was Rs 14,925. Of this a sum of Rs 9,000 was due to members and the balance of Rs. 5,926 due to non-members. The Madras and Southern Mahratta Railway Company was, as usual, its main support. In addition to Rs 1,400 loaned up to the end of the previous year, the company advanced to the Bank during the year Rs. 4,100, from its fine fund.

5. *Premia on fidelity guarantee.*—Under by-law 46, the managing committee may guarantee the fidelity of any of the members, who by reason of their holding or being appointed to places of trust in the Madras and Southern Mahratta Railway Company are required to deposit security. During the year under report, the system was brought into force. Every member, whose application for guarantee is accepted, is required to pay to the Bank 2 per cent. of the amount guaranteed and this payment is appropriated by the Bank as premium. The total amount of guarantees accepted during the year was Rs. 90,000 and the collection of premia amounted to Rs 1,600. It was kept in the General fund itself and no special investment was made, as required by the by-laws.

6. *Interest paid and due.*—On the advance made from the fine fund by the Madras and Southern Mahratta Railway Company, the rate of interest is, as usual, 3 per cent. per annum, while the deposits from members and non-members bore interest at 5 per cent. per annum. The interest paid and due by the Bank on account of its borrowings is as shown below :—

	Rs.	A.	P.
(1) Interest actually paid	322	3	8
(2) Interest accrued and pending payment at the end of the year ..	215	7	9
Total ..	537	11	5
(3) Deduct interest pending payment at the close of the previous year	146	10	0
(4) Therefore the amount debitable to the profit and loss account is	391	1	5

7. *Miscellaneous receipts.*—A sum of Rs. 823-12-5 was collected under this head, as per details given below.

	Rs.	A.	P.
(2) Entrance fees	625	0	0
(3) Interest on investment of Reserve fund	10	12	6
(3) Nomination fees	187	0	0
Total ..	822	12	6

8 *Loans to members.*—Two hundred and fifty-four loans amounting to Rs. 14,852–15–4 were outstanding against the members at the beginning of the year, and 674 loans aggregating to Rs. 65,694 were disbursed during the year. Two hundred and seventy-six loans were completely paid off, the amount repaid being Rs. 16,375–0–8. The amount recovered as partial repayment amounted to Rs. 21,970–7–10. The number and amount of loans outstanding against the members on the last day of the year were therefore 652 and Rs. 42,025–6–16, respectively.

It must be said to the credit of the Bank that recoveries of loans are prompt and punctual. Most of the loans were for small sums; nearly one-third of the number of loans did not exceed Rs. 50 in value, and another third were loans exceeding Rs. 50 but not exceeding Rs. 100. All the loans were suretyship loans and the majority of them were given for productive purposes. The loan transactions of the Bank during the year under report were nearly thrice as those of the previous year.

9. *Interest on loans.*—The interest charged on loans is 6¼ per cent. per annum. The interest earned during the year was as shown below :—

	Rs.	A.	P.
(1) Actually realised	2,365	13	4
(2) Accrued and pending realisation at the end of the year ..	77	7	2
Total ..	2,443	4	6
(3) *Deduct* amount pending realisation at the close of previous year ..	126	5	4
(4) Balance to be credited to the profit and loss account is ..	2,318	15	2

10. *Establishment and contingent charges.*—The sum actually paid by the Bank under establishment amounted to Rs. 180 and under contingencies to Rs. 197–15–0; the total amount under both the heads was thus Rs. 377–15–0. A sum of Rs. 20 was due only to establishment at the end of the year under report and no amount was pending at the close of the penultimate year So the amount debitable to the profit and loss account is Rs. 197–15–0 *plus* Rs. 200 or Rs. 397–15–0.

11. *Adjusting heads.*—(*a*) *Advances.*—A sum of Rs. 1,315 was received under this head and it was paid off before the close of the year.

(*b*) *Miscellaneous account.*—A sum of Rs 53–11–5 was pending at the beginning of the year. During the year, a sum of Rs. 293–3–4 was actually received and two items of Rs. 2–1–4 and Rs 0–3–2 were added to it by transfer from the loan account and interest account, respectively, being an excess recovery under principal of a loan and interest in the previous year's accounts There was thus under receipts a sum of Rs. 295–7–10. As a sum of Rs. 244–14–1 was paid off, the amount at the close of the year was Rs. 104–5–2.

(*c*) *Suspense account.*—Under this head a sum of Rs. 9 was pending payment at the beginning of the year and the same was refunded during the year. No amount was thus pending at the end of the year.

(*d*) *Advance of dividend made to the Paymaster for disbursement.*—A sum of Rs. 73–9–0 was pending recovery at the beginning of the year. During the year a sum of Rs. 235–11–4 was advanced. Account was rendered by him for Rs. 250–12–8 and the balance of Rs. 58–6–8 was recoverable at the close of the year.

12 *Profit of the previous year.*—The last profit declared for 1909–1910 was Rs. 1,131–13–0. Of this, one-fourth has been carried to the credit of the reserve fund, as per audit order of 1909–1910, viz., Rs. 282–15–3. The balance of the net profit was thus Rs. 848–13–9. Adding to this, a sum of Rs 103–8–1, which was carried forward from the profits of 1908–1909, the total amount available for distribution of dividends to share-holders was Rs. 952–5–10. Out of this amount (of Rs. 952–5–10) the Bank resolved that a dividend of Rs 235–11–4 should be paid to the share-holders, a further sum of Rs. 583–11–8 should be placed to the credit of the reserve fund, and the residue, viz., Rs 122–14–10, should be carried forward to the credit of the current year's account.

13. *Dividend.*—The sum pending payment at the close of the penultimate year was Rs. 73–9–0. The sum ordered to be paid during the year, as per resolution of the Bank referred to in paragraph 12, was Rs. 235–11–4. The sum actually paid was Rs 229–8–8 and the sum outstanding on the last day of the year was thus Rs. 79–11–8. It is the practice of the Bank to debit the whole amount of dividend payable to share-holders and issue a cheque for the whole amount in favour of the Paymaster of the Railway Company with a request to distribute the amount among the members. The amount outstanding on the last day of the year would therefore appear on both sides of the balance sheet as advance pending recovery from the Paymaster on the side of the assets and as dividend due to members on the side of the liabilities In paragraph 12 (*d*), it was shown that only Rs 58–6–8 was recoverable from the Paymaster at the close of the year under report; and the following facts will explain this. Out of the previous year's balance of Rs. 73–9–0 with the Paymaster, a sum of Rs 62–4–0 was disbursed and the balance of Rs. 21–5–0 was reported to be unclaimed and refunded to the Bank, which kept the amount in its general fund There was thus no balance with the Paymaster out of the previous year's accounts. Again out of Rs 235–11–4, the amount of dividend declared for payment for the year under report and placed at the disposal of Paymaster for disbursement, that officer rendered account for the disbursement of Rs. 177–4–8 and the balance of Rs. 58–6–8 was pending payment at the close of the year Thus, out of Rs. 79–11–8 shown above as dividend due to members, a sum of Rs. 21–5–0 was with the Bank in its general fund and the balance of Rs. 58–6–8 was with the Paymaster. Here it may be stated that as the sum of Rs. 21–5–0 was reported to be unclaimed, the Bank may be advised to carry the amount to the credit of the Reserve fund as suggested in the audit order of the previous year.

14. *Reserve fund.*—The total amount of Reserve on the last day of the penultimate year was Rs. 123–5–1. Out of the profits of 1909–1910, the Bank was requested to add Rs. 282–15–3 to the Reserve fund. In addition, the society added by adjustment of interest Rs. 10–12–6. There was thus, in the Reserve fund account, in the Madras Central Urban Bank on the last day of the year under report, a sum of Rs. 417–0–10. Further, it has been pointed out in paragraph 12, that the Bank resolved to carry to the Reserve fund a further sum of Rs. 593–11–8 out of the previous year's profits in addition to Rs. 282–15–3 ordered by the Registrar. But as regards investment, the general assembly's resolution was that only the sum of Rs 282–15–3 should be invested in the Madras Central Urban Bank. The sum of Rs. 593–11–8 was therefore kept in the general fund of the Bank. In the accounts however, the amount was debited to the Reserve fund account and credited to the suspense account of the Bank. The amount set apart for Reserve fund should be separated from the general fund, and the Bank should be advised accordingly.

15. *Net profit for the year under report.*—The Bank derived a net profit of Rs. 2,350–11–3 for the year under report. Under by-law No. 26, not less than one-fourth of the net profit should be carried to the credit of the Reserve fund; if one-fourth should be ordered, the amount would be Rs. 587–10–10. If the Bank should be advised to carry to the credit of the Reserve fund the unclaimed dividend of Rs. 21–5–0 referred to in paragraph 13 *supra*, the amount to be credited to Reserve fund would be Rs. 606–15–10. Deducting Rs. 10–12–6 already invested by way of adjustment (*vide* paragraph 7) the sum actually to be invested in the Madras Central Urban Bank would be Rs. 598–3–4. In addition, the Bank may be advised to invest the sum of Rs. 593–11–8 referred to in the previous paragraph 14 in the Madras Central Urban Bank as its Reserve fund. In such a case the Bank would have to remit on account of Reserve fund to the Madras Central Urban Bank a sum of Rs. 1,191–15–0.

16. *Meetings.*—The society convened 2 general and 4 committee meetings and business was done in all the meetings. The small number of committee meetings is not due to lack of interest on the part of the members of the managing committee. The members are officers of the Railway Company. As they are in the same office buildings it is explained that they are consulted on all matters then and there.

17. *Accounts.*—The accounts were neatly written and they were all right. It will be better if the society maintains its loan ledger and the deposit ledger in the form prescribed by the Registrar for other societies.

18. *General remarks.*—The Bank has done excellent work during the year under report and its transactions in all branches of work is nearly thrice as much of the previous year. The introduction of the system to guarantee the fidelity of its members is a novel measure and conduce to increase the popularity of the Bank. The Managing Directors deserve to be congratulated for the excellent results achieved and for their disinterested zeal in the cause of the improvement of the Bank.

K. VEDACHALLAM,
Head Clerk

AUDIT ORDER BY M R Ry. DIWAN BAHADUR L. D. SWAMIKANNU PILLAI AVARGAL, M.A., B.L., I.L.B., REGISTRAR OF CO-OPERATIVE CREDIT SOCIETIES, MADRAS.

The accounts of 52 Madras and Southern Mahratta Railway Employés' Urban Bank, Limited, for the co-operative year ending 30th June 1911, as audited by the Registrar's Head Clerk M.R Ry. K. Vedachallam Aiyar, are passed. During the year under review, the Bank earned a net profit of Rs 2,350-11-3. One-fourth of this amount, viz., Rs. 587-10-20, should, under by-law 26, be carried to the credit of the Reserve Fund In addition to this, the Bank is requested to carry to the credit of this fund the unclaimed dividend of Rs. 21-5-0 referred to in paragraph 13 of the audit report. The total amount to be carried is thus Rs 608-15-10 The Bank has already a sum of Rs. 10-12-6 invested in the Madras Central Urban Bank in excess of the reserve by way of adjustment of interest. Therefore, the amount that the Bank has now to remit on account of Reserve Fund to the Madras Central Urban Bank is Rs 598-3-4. The Bank is, further, advised to invest in the Madras Central Urban Bank the sum of Rs 593-11-8, which the Bank carried to the credit of the Reserve Fund under a resolution of the general assembly and kept under suspense accounts during the year under report. The Bank will thus have to remit Rs. 1,191-15-0 to the Madras Central Bank on account of its Reserve Fund. With this sum, the total in the reserve will amount to Rs. 1,608-15-0.

2. The Bank having previously decided to carry forward a sum of Rs. 122-14-10 to the year under report, the balance of net profits of the year under report is Rs 1,763-0-5. So the sum available for distribution as dividend or otherwise is Rs. 1,885-15-3.

3. A sum of Rs. 58-6-8 was pending distribution out of the profits of 1909-10. This sum should be disbursed soon, or if not claimed, it should be added to the reserve.

4. The Bank will submit proposals for the investment of the premia of Rs. 1,600 collected during the year on fidelity guarantee

5. Excellent progress was shown during the year under report in all branches of the Bank's work and the report as a whole reflects great credit on the Bank's Secretary, Mr. Kesava Rau Nayudu

Office of the Registrar of Co-operative Credit Societies, Chepauk, Madras,

The Standard Barometer and Thermometers are read at 8 A.M., 10 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 14·92 inches, the average due for the same period being 23·10 inches.
